

B2GreenHub

Embrace the Green Revolution:

OFFICIAL LAUNCH

B2GreenHub Platform is LIVE!

Our B2GreenHub
Platform is here
to support you!

We're excited to announce the official launch of **B2GreenHub Platform** — a cutting-edge digital ecosystem that helps manufacturing companies accelerate their green and digital transformation. We connect companies with green & digital providers offering top-tier expertise, testing, and innovation.

One-Stop-Shop

**for ALL things
GREEN.**

**Digital
Platform**

Key Features of the Platform

Here's a breakdown of what you'll find on the platform:

● LEARN

Green Path Academy
Knowledge-Transfer and Capacity-Building
Practical Sustainability Strategies

Through the Green Path Academy, Knowledge Transfer and Capacity Building modules, and Practical Sustainability Strategies, you can upskill your team and embed a sustainability mindset across your organisation.

● CONNECT

B2GreenHub Facilitators
Digital / Green / Business Experts
Tech Solution Providers
Infrastructure & Equipment Providers
Partner Networks
Industrial Events

A curated network of B2GreenHub facilitators, digital experts, green experts, business experts, tech solution providers, infrastructure & equipment providers, partner networks and industrial events. This means you can find the right partner, technology, or peer network to support your journey.

● MARKETPLACE

Services
Trainings
Solutions
Infrastructure

For companies that already know what they need, the marketplace lists concrete services, training, solutions, and available infrastructure – from AI and robotics to renewable energy, carbon capture, waste reduction and more.

● IMPROVE

Understanding Green Transition
Assessment and Planning
Implementation
Monitoring and Optimization
Certifications and Recognition

Tools and services for understanding the green transition, assessment and planning, implementation, monitoring & optimisation, plus certifications and recognition. These help you not just plan, but execute your green and digital roadmap.

● GET FUNDED

Public
Private
Funding Help-Center

Discover both public and private funding opportunities, plus a Funding Help-Center to guide you through the funding landscape with hands-on tools and help you secure the resources you need for green/digital initiatives.

● SOLUTIONS

Outbound Logistics
Customer service
Operations
Marketing & Sales
Inbound Logistics ...

Get inspired by real examples from companies across Europe that have become more competitive, sustainable, and digitally advanced. Explore practical use cases that show how innovation, green transformation, and digitalization work together to drive long-term growth.
